

The Jewish Ambassador Program organised by the Conference of European Rabbis (CER) is aimed at anyone who would like to find out more about Judaism.

Our aim is to engage in open and respectful dialogue – particularly in times of growing prejudice and anti-Semitism.

Talking to one another, asking questions and getting to know each other are the best ways of gaining a greater understanding.

Our programme brings rabbis and Jewish representatives directly into contact with other people.

This is not just about knowledge, but about building bridges and bringing Jewish traditions and values to life.

DIFFERENT BUT TOGETHER.

Despite our differences, there is so much that unites us. Through knowledge, dialogue and encounters, we can break down prejudices and build bridges of understanding.

Let's talk – personally, honestly and openly.
